THE TEMPLE
Ocean Park, Maine

Beyond these windows framed with pine
Is beauty drawn in green design,
And etched against the summer sky
The sea gulls and the wild birds fly.

And here the Word is spoken clear
That brings the hope of heaven near,
And prayer and melody are sweet
When kindred hearts in worship meet.

So this is where the magic art
Of peace is woven quite apart,
And life again seems good and right
As mystic stars across the night.
